

### From My Travels.

Treasurer of Watford Area Arts Forum, Ian Scleater, has been taking photographs for more than sixty years. He is a life-long resident of Watford and enjoys travel. At the last count he has visited more than seventy countries. His primary other hobby and love is music. During his career as an amateur musical director, he conducted more than sixty musicals and operettas for eight different amateur Operatic Societies in the London and Home Counties areas.

Earlier this year he received the Mayor of Watford's Audentior award for services to the community, including his fund raising achievements for the Palace Theatre in Watford and for writing a book about the history of the theatre.
